The New States.

President Harrison's proclamation admitting the four new States to the Union is not expected before November. The Republicans confidently expect to elect the Governorship of West Virginia, and James E. Campbell, Democratic nominee for Governor of Ohio.

The golden rod is President Harrison's choice for the national flower, and in honor of his preference it was made the only ornament. The design was used in all the lines, and great plummy masses made a centerpiece and filled vases and urns in the drawing room. The table and house decorations were gathered from the mountain side. For the boutonnières and corsage bouquets the hostess sent to the city hot-house. The specimens showed to what perfection care and cultivation could bring the golden rod. A golden star made of this pretty flower was fastened upon the lapel of the President's coat and he paid a well-turned compliment to the hostess for selecting so American a flower.

Mrs. Harrison is daily annoyed by numbers of persons begging for pieces of her dresses—"the one you wear most"—and clippings of the President's neckties—"the part that shows the wear." She has made a rule to give no samples except to children. Mrs. Harrison always gratifies a child's request when possible.

The ladies, appreciating the value of regular exercise as a preservative of good looks, have organized a "walking club." The chief promoters are the Misses Patten, of Nevada, the daughters of the late Mrs. Anastasia Patten. The members supply themselves with Alpine stocks and take extended walks into the surrounding country. The Misses Patten are also skillful horsewomen. Any fine afternoon, their high mail phaeton may be seen on the principal avenues, and the eldest sister holding the lines over a pair of spirited grays.

Men Worship the Rising Sun.

The following paragraph in the Herald, which was a very ardent admirer of Mr. Cleveland's Administration, is regarded by his friends as quite as severe as true:

"It is remarkable how soon a family loses what might be called its marketable value after it falls from power. Publishers no longer make handsome offers to Rose Elizabeth Cleveland, photographers have left off importing Mrs. Cleveland for sittings and ex-President McKinley is not considered a valuable card by Summer hotel proprietors. There is more money to the speculator in Baby McKee than in the entire Cleveland family."

National Educational Convention.

At the fifth annual meeting of this body in Detroit last week, the following named gentlemen were chosen officers for the ensuing year: President, Charles A. Lee, of Pawtucket, R. I.; Vice Presidents, J. B. Stanley of Greenville, Ala.; E. B. Fletcher, of Morris, Ill.; E. W. Stephens, of Columbia, Mo.; Corresponding Secretary, John M. Douane, of Columbus, O.; Recording Secretary, William Kennedy, of Pottsville, Pa.; Assistant Recording Secretary, R. H. Timney, of Boulder, Colo.; Treasurer, A. H. Lowrie, of Elgin, Ill.

The Geological Survey during the month of July made good progress in the survey for the irrigation and reclamation of the arid lands of the West. An area of over 3,500 square miles was covered, and operations were carried on in California, Colorado, Idaho, Montana, New Mexico and Nevada. It is highly probable that the Geological Department will be able to lay before Congress early in its session a pretty thorough report touching this subject, and demonstrate that irrigation on a large scale is practicable within the arid regions of the country.

The family of United States Treasurer Huston are now located in their newly acquired residence in Mt. Pleasant, the beautiful suburb to Washington. Mrs. Huston has already attracted admiration by the fearless and skillful manner in which she handles the ribbons attached to a span of magnificent grays which were shipped from the Treasurer's farm in Indiana.

Clerk Clark, of the House of Representatives, appointed Congressmen Carlisle, Randall, Holman, Campbell, Seney, Heard, Metcher, Kelley, Reed, McKinney, Cannon, Burrows and O'Neil as a committee to attend the funeral of the late Congressman Cox.

It is stated in France the Italian Government will expel Kossuth from Italy on demand from Germany because in an address to the Hungarians he protested against Premier Tisza's tirade against France.

Insurance rates have been raised by the Pacific Insurance Trust 50 per cent. in R-d Bluff, Yreka, San Bernardino and Modesto upon the grounds that there is not adequate protection against fires in those towns.

Berlin merchants complain that Mr. Edwards, United States Consul, subjects exporters to trivial vexations in the matter of verifying invoices, thus hampering the trade with America.

M. Corvillian, the proprietor of the cart-ridge factory at Autwerp, the explosion in which caused such great loss of life, has been charged with homicide by imprudence.

The Champagne stakes at the Doncaster, England, September meeting was won by Henry Miller's River, and the Yorkshire handicap was won by Lowther's Hounds-ditch.

Captain Wiseman has set a price of £5,000 on Chief Bushier's head on account of the threat of the latter to attack missionary stations in the interior.

Mrs. Langtry made her reappearance upon the English stage at the Theatre Royal Monday evening in Sidney Grunby's play of Esther Sanders.

WASHINGTON GOSSIP.

Interesting Notes From The "Journal's" Correspondent.

WASHINGTON, Sept. 2, 1889.—President and Mrs. Harrison are still at Deer Park. They were recently the guests of honor at a dinner given by ex-Senator Henry G. Davis. Among those present were Goff and Fleming, opposing candidates for the Governorship of West Virginia, and James E. Campbell, Democratic nominee for Governor of Ohio.

The golden rod is President Harrison's choice for the national flower, and in honor of his preference it was made the only ornament. The design was used in all the lines, and great plummy masses made a centerpiece and filled vases and urns in the drawing room. The table and house decorations were gathered from the mountain side. Mrs. Stewart, wife of Nevada's Senator, has returned from White Sulphur Springs, to spend a few days with her daughter, Madame Romero, and her husband, prior to their departure for China. Senator Don J. Romero has been appointed Secretary of the Spanish Legation at Peking. Mrs. Hooker, Mrs. Stewart's eldest daughter, will spend the winter at Hildeberg, where her sons are at school. The youngest daughter, Miss Mable, will soon return to London, Ontario, where she, this year, completes a course of art and music. She will be one of next season's debutantes.

Senator and Mrs. Stewart have taken apartments at the Shorham, the elegant hotel at the corner of H and Fifteenth Sts., built by Vice President Morton.

The house purchased by Senator Hearst from ex-Secretary Fairchild on Dupont Circle, when completed, will have cost the Senator over \$135,000. The sum originally paid for the property was \$55,000. In addition to this the external additions will cost \$50,000, the interior decorations of woodwork \$30,000. The order for the latter has been given to a Baltimore firm. It has been made with such nicety that when it is forwarded to its destination in this city a skilled cabinet-maker will be sent over in charge to fit together the various parts which have been made to put at once in place without alteration.

The marriage of Emmons Blaine, son of the Secretary of State, and Miss Anita McCormick, of Chicago, will be one of the social events in November. The lady is the daughter of the late Cyrus McCormick, of Chicago, who, when he died, left a fortune of \$10,000,000 to be divided among his children. Miss Anita will inherit a fortune of \$2,000,000. She is said to be very pretty of face and figure, and highly accomplished. For several years she has been one of Chicago's leading belles. Young Blaine is tall, manly-looking, and in marked physical contrast to Jas. G. Jr. whose unfortunate marriage to Marie Nevins created such a sensation at the time.

The engagement of Miss Helen Newell, of Chicago, the daughter of the general manager of the Lake Shore and Michigan Southern R. R., to Jas. R. Garfield, son of the late President Garfield, is also announced. The lady is a handsome blonde, and will inherit a considerable fortune from her father. Young Garfield, with his brother, is now practicing law in Cleveland, where after the wedding trip, the young pair will make their permanent home.

An effort will be made this Fall among the fashionable stationers, to introduce blight red cards for visiting and announcement of engagements. This style is borrowed from the Chinese, among whom it is customary to use large red cards, which are fastened together with silk cords of the same shade.

An object of interest to all visitors to this city is the Washington Monument. Immediately south of the White House, stands this wonderful structure, the loftiest, probably, erected by man, and the most imposing obelisk ever constructed. It is 555 feet above its base which is 42 feet above tide water. Its corner stone was laid July 4, 1848, and the capstone, forming the apex, was placed in position December 6, 1884. In it are 181 blocks of inserted stone or copper, gifts from various countries and societies. The total cost will be over \$1,350,000. It is situated on what will ultimately be a beautiful park. One of the large silver letters in the Nevada memorial stone has been slightly loosened by being constantly picked at by relic hunters. Owing to the vigilance of the Superintendent and his assistants, there is very little vandalism going on now. All old pencil scratches have recently been cleaned from the stones throughout the length of the shaft, so as they might not suggest similar acts to other tourists. DONORNY DEXTER.

It has been decided to close the French Exposition October 31st.

THE CEREAL CROP.

The Monthly Report of the Department of Agriculture.

WASHINGTON, September 10.—The September crop reports of the Department of Agriculture makes the general average of corn 91, a reduction of nearly five points. Winter wheat, when harvested, is estimated at 98.4, a reduction from 92 on the 1st of July, spring wheat 83.9, an increase from 81.2 in August. This makes the general average of all wheat 87.6. The general condition of oats is 90, instead of 92.3 last month; barley, 88.9, instead of 90.6; buckwheat, 92.1, instead of 93.2; tobacco, 76.2, a reduction from 84.4. The percentage of stock hogs available for fattening is 101; the condition is 98.

The corn crop is a week late. In the Ohio valley and the lake region there has been a marked reduction of condition during the last month from drought, following the heavy rains of the early Summer. In Ohio and Indiana there was previous injury of bottom land crops by floods.

In Michigan and Wisconsin the effects of the drought and other influences are most injurious. There is complaint of drought west of the Mississippi. It is too late in the season for a serious reduction. West of the Missouri the conditions have been more favorable than in any other part of the country and the crop is very large.

In the seven surplus States the figures for condition are: Ohio, 81, loss 6 points; Indiana 81, loss 6 points; Illinois 87, loss 3 points; Iowa 91, loss 6 points; Missouri 93, loss 3 points; Kansas 98, Nebraska 96. The reduction in winter wheat as compared with the July report is in New York, Pennsylvania, Michigan, California and in some of the southern States. The quality of Western grain, as shown by its grading, is comparatively poor and will effect the weight and intrinsic value. The condition of spring wheat is reported higher than in August in the northern portion of the belt and slightly lower in Iowa and Nebraska.

Commissioner of the Land Office.

WASHINGTON, Sept. 10.—It is stated on pretty fair authority to-night that Judge Goff, of Omaha, late unsuccessful candidate for a position upon the Interstate Commerce Commission, will early next week be appointed Commissioner of the General Land Office.

The Irish police have been ordered not to shadow English members of Parliament traveling in Ireland.

The Los Angeles Express says: A few years ago a party went down into Lower California and bought a band of horses for \$300. On their return they camped on the present site of Riverside, the owner of which offered to give them all the land now covered by the city for their horses. As they could not see what water would do for the land they refused to barter.

W. D. ANDREWS,
—PROFESSOR OF—
VETERINARY DENTISTRY,
Office at Truckee Stable, Reno, Nevada.

ALLEGED VETERINARIAN'S ADVOCATE
Veterinary dentistry, well knowing that no other method has yet been discovered that produces the same satisfactory result as the front teeth of old horses so that the back teeth come together. Very few horses, young or old, but have more or less sharp edges or rough projections upon their molars. These sharp points lacerate the mouth, thereby causing torture to the horse, and he tries in various ways to rid himself of the trouble. Some toss the head, droil or slobber; others start suddenly or stop short, and some shy, drive sideways or hold their head in an unusual manner.

Blindness in one or both eyes, a rough coat, hair a sufficient proof, I carefully remove all irregularities and place the mouth in a level, natural condition.

Veterinary dentistry is an act of humanity. It not only relieves suffering but produces a happy, pleasant driver, and gives you a healthy horse whose life is prolonged at least five years.

I have had eight years' experience in this business and am qualified to give thorough satisfaction.

OPERA HOUSE DRY GOODS STORE.

THE OPERA HOUSE
Dry Goods Store.

This store is now being generally known all over the State of Nevada, as the popular

ONE PRICE

Dry Goods House, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and Re-adjuster of Values

—IN—

STAPLE & FANCY DRY GOODS

GENTS' FURNISHINGS,

HOUSEHOLD FURNISHINGS,

READY-MADE CLOTHING

And BOOTS AND SHOES.

Please note the various reasons by which I claim I have advantage over all competing houses:

1st. I BUY FOR CASH, and cash only.

2d. I VISIT THE MARKETS IN PERSON, frequently, and buy my own goods myself, for the lowest possible SPOT CASH PRICE.

3d. MY AIM AND AMBITION IS BIG BUSINESS, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view—to give everybody good value for their money—success is already achieved, as I challenge anyone to dispute that I make the lowest prices.

4th. MY STORE IS THE THE LARGEST AND BEST LIGHTED of any in the city—the three large plate-glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well-regulated store.

5th. I ENGAGE THE BEST AND MOST EXPERIENCED AND SKILLED SALESMEN that can be found in this country. W. H. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.

6th. I DO JUST AS I ADVERTISE; I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that. Nevertheless many of our merchants of to-day advertise under the head of selling goods at cost.

7th. ALL GOODS ARE MARKED IN PLAIN FIGURES, and no goods are misrepresented.

HAVING GIVEN SEVEN REASONS WHY I LEAD ALL COMPETING houses in price, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including fine French Cashmires, French Camel's Hair, Beatrice Cloths, French Foulie, Tricot Cloths, Tricotine Cloths, Albatross, Nuns' Veiling, French Dubetques, Fancy Striped Alpaca in plaids and stripes. I keep all the leading patterns found in the market.

The Black Goods Department

I am well stocked with all the latest and best-known brands of French Cashmere, French Camel's Hair, French Foulie, Albatross, Nuns' Veiling, Sicilian Cloths and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

The Corset Department

Reserve special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

The Kid Glove and Button Department

Is replete with all the shades that can possibly be obtained this side of the Rocky mountains.

The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to the

Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—I using their own language—they were tired of paying high prices any longer. I subsequently ordered the above stock, and will say that my success in that department has surpassed all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2 50 up.

In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark—that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell suits for men from \$5 up.

In the Underwear Department,

Including Ladies' and Gents'. I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the largest and best-selected stocks of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Musline, etc. Gingham and Calicoes in endless variety.

Thanking the People of Reno and the Public in General for their Kind Patronage for the Past Year, and Soliciting a Continuance of the Same, I Remain, Respectfully,

The Latest.
The fire is not as bad as believed. The
Cascades bridge has been burned, but pas-
sengers and the mail and express will be
transferred all right. Freight will neces-
sarily be delayed until the road is thor-
oughly repaired.

A Find.

bed by a masked man near Leesville, Co-

A NIGHT IN THE TYROL.

With the Noted Comedian, Karl Gard-
ner.

Of the performance that may be ex-
pected to-night, the Virginia Chronicle out-
lines in its report of the same play at Vir-
ginia, night before last:

The production of "Fatherland," by
Karl Gardner at the Opera House last
evening, attracted a fair attendance. The
scene is laid in the heart of the Tyrolean
mountains and the plot includes an Ameri-
can widow, and a designing villainous
brother-in-law, the latter foiled by Herman
Leopold, (Karl Gardner) in an attempt to
rob the widow of the estate inherited from
her deceased husband, which is principally
mining property located in Colorado.

The last scene is the Singspiel at
Munich, during which everything is satis-
factorily explained. Mr. Gardner has a
fine sympathetic tenor voice, and the acts
are pleasantly interlarded with Tyrolean
songs and dances, that of the "Bunch of
Lilies," sang in the first act, receiving
merited recall.

The dialogue is humorous, and the
scenery, costumes and robust physique of
the cast—especially that of the leading
ladies—suggestive of the health freighted
breathes of the Tyrolean mountains.

"Fatherland" will be repeated to-night
and "Karl the Peddler," will be the
attraction to-morrow evening, which will
close Mr. Gardner's engagement.

FIRE ON THE C. P.

No Trains Likely to Come Through For
a Week.

CASCADES, Cal., Sept. 12.—The bridge
at Cascades creek is burning and no trains
are likely to pass for two weeks. The fire
is raging fiercely.

CASCADE, Cal., Sept. 12.—There has
been a big fire raging in the brush in the
canyon, and for several days men have
been watching it and trying to check it,
but the wind changed to the North to-day
and blew it up to the sheds. Everything
is gone, bridges and sheds.

SUMMIT, Sept. 12.—The big fire at
Cascades has burned down the bridge and
about three-fourths of a mile of sheds, and
it is still burning. The operator at Cas-
cades says the wires are all burned down.

STATISTICS FOR 1889.

Items Cleared From the Humboldt Re-
port.

The Silver State says:
The number of acres of land inclosed
in Humboldt county is 300,000, of which
150,000 is under cultivation. The report
places the number of acres of wheat at
10,000, and the product at 300,000 bushels;
the number of acres of barley at 15,000,
and the product at 450,000 bushels; hay
at 124,000 acres, the product of which is
given at 372,900.

The number of pounds of wool produced
is given at 580,000 pounds, through at
least twice that quantity has been shipped
out of the county. The number of horses
is given at 10,000; mules, 200; asses, 10;
cows, 1,000; beef cattle, 1,000, and stock
cattle, 40,000; sheep and lambs are put
down at 90,000 and hogs at 1,000.

There are two grist mills and ten quartz
mills in the county. There are 710 miles
of irrigating which irrigate an ordinary
season 200,000 acres of land. There are
141 miles of railroad, and the approximate
area of agricultural land is 200,000 acres.
Of course there is a mistake as to the num-
ber of acres of wheat and barley sown this
year and the products of the same, as well
as the acreage of hay land and the number
of tons produced.

The Brass Band.
The Austria Revue has this:
Winnemucca is very proud of her band.
So are the players in their many blue suits,
trimmed with white braid. After the cere-
monies of the corner stone were over, the
band felt a little put out because they did
not get a chance to show what they could
do in heavy music, and in consequence
gave an open air concert last Saturday
evening, to redeem their reputation.

band has been organized since June, 1889.
Gabe Hoskin, as the leader and inst. actor,
has brought the boys to the front, and they
are now anxious to contend with any band
in the State at the State Fair. They
bought their own instruments, and the
business men contribute money each
month to pay the salary of the leader.

We give the names of the players of Co. A,
Second Brigade: Gabe Hoskin; leader;
Clarence Hanson, E. flat cornet; Jerry
Nichols, 1st B. flat; G. B. Brown, 2nd B.

1st alto; Frank Ruse, 2nd alto; Lee
Windle, baritone; Chas. Neth, 1st tenor;

Advice to Mothers.
Are you disturbed at night and broken
of your rest by a sick child suffering and
crying with pain of cutting teeth? If so,
send at once and get a bottle of Mrs.
Winnlow's Soothing Syrup for Children
Teething. Its value is incalculable. It
will relieve the poor little sufferer imme-
diately. Depend upon it, mothers, there
is no mistake about it. It cures dysentery
and diarrhoea, regulates the stomach and
bowels, cures wind colic, softens the gums,
reduces inflammation, and gives tone and
energy to the whole system. Mrs. Win-
nlow's Soothing Syrup for Children Teeth-
ing is pleasant to the taste, and is the
prescription of one of the oldest and best
female nurses and physicians in the
United States, and is for sale by all druggi-
sts throughout the world. Price 25 cents
a bottle. feb. 21-swt-ly.

Will Sue the State.
The County Commissioners of Lyon
county will next week institute a suit
against the State in the District Court at
Carson to recover the full amount claimed
to be due that county for expenses incurred
at the special election of February 11th.

HARD HIT ON THE FIELD.

Peculiar Sensations Which Many a Brave
Man Has Experienced.

We had been held in reserve for five
long hours while cannon thundered and
muskets crackled spitefully along the
front a mile away. A procession of dead
and wounded had filed past us until we
were sick with horror. Shot and shell
and bullet had fallen upon us behind the
woods until the dry, dead grass bore
many a stain of blood.

"Attention! Forward—guide right—
march!"
Our brigade was going in at last, and
there was a look of relief on the face of
every officer and man as we got the
word.

"Guide right—front—forward—
march!"
As we swung clear of the woods a gust
of wind raised the smoke for a minute,
and I saw the plain in our front blue
and white with dead and wounded. There
was a line of earthworks, and I had
one swift glimpse of a thin blue line
kneeling behind the cover.

"Steady! Right dress! Double quick
—march!"
The air is alive with the pig of bul-
lets and the whiz and shriek of shot
and shell. We bend our heads as if
breasting a fierce gale laden with icy
pellets. There is a wild cry—a shriek—a
groan as men are struck and fall to
the earth, but no one heeds them—no
one hesitates. It is a hurricane of death,
but we feel a wild exultation in breast-
ing it. Men shout, curse, sing, swing
their hats and cheer.

We are driving through the smoke
cloud when there is a flash of fire in
front. I seem to rise into the air and
float hither and thither, and the sensa-
tion is so dreamy and full of rest that I
wish it could last forever. It is sudden-
ly broken by the sound of my own voice.
Is it my voice? It sounds strange and
afar off to me. Why should I cheer and
curse by turns? What has happened?

Ah! now I come back to earth again!
Above and around me is the smoke—the
earth trembles under the artillery—men
are lying about and beside me. Where
is the brigade? Why did I drop out?
I am lying on my back, and I struggle to
sit up and look around. I rise to my
knees—weave this way and that—topple
over and struggle up again. There is
red, fresh blood on the grass—on my
hands—on my face. I taste it on my
lips as my parched tongue thrusts itself
out in search of moisture.

Who is groaning? Who is shrieking?
Who is cheering? And why should I
laugh and exult? Have we held the line
against a grand charge? Did we scatter
and decimate the legions hurled against
us? Have we won a great victory to be
flushed over the country and cause the
bells to ring with gladness? Let me
think. Give me time to remember
how it all happened. Strange that my
thoughts should be so confused, and the
desire to sleep be so strong upon me
when I should be up and doing. I will
shake it off. I will spring up and follow
on after the brigade. Here—

"How do you feel?"
My eyes are wide open and I am lying
on a cot in a large room. I see people
walking about—other people lying on
cots like my own.

"I feel all right. Why?"
"You were hard hit in the fight four
days ago, my boy."

"So there was a battle?"
"Yes."

"And I was wounded?"
"Had your left arm shattered by a
piece of shell and we had to amputate it!"
—Detroit Free Press.

Corp. Tanner Wins a Bet.
In the office of one of the prominent
hotels one evening was overheard quite
an amusing story of Corp. Tanner and
his two artificial legs. It seems that the
corporal is very fond of fine horses and
undertook to raise a few last year. He
had one particularly fine horse, a thor-
oughbred, and he would let no one use
him but himself. One day while the
stableman was exercising him he acci-
dentally stepped into a mud hole and
sprained a leg so badly that the doctor
advised having the horse's hoof bathed
in hot water three times a day.

One day, when the gallant corporal
was giving the horse the customary bath,
a friend of his came along and told him
it was cruelty to animals to bathe the
horse's foot in such warm water, and
asked him how would he like it if he had
to put his foot in it. To which the cor-
poral replied that he would not mind it
at all. His friend, thinking he saw a
chance to win some money, bet him a
hundred dollars that he would not keep
his foot in the water for five minutes.
The bet was no sooner said than it was
accepted by the corporal, who not only
put his foot in it, but put his whole leg
in and kept it there for five minutes.

The friend paid the bet, but probably
has not to this day found out how it was
possible for the supposed victim to keep
his foot in boiling water for five minutes.
—Washington Critic.

Count Moltke.
Count Moltke appears in public only
when the Reichstag is sitting, and until
quite lately he was one of the most regu-
lar members of the house, where he takes
a front seat on the Conservative benches.
If a speech is made in which he is par-
ticularly interested, he gets up, ap-
proaches the speaker, and holds his hands
to his ear, in order to catch every word.
He himself speaks very rarely, and the
last time he said a few words was last
year, when he moved a vote of thanks to
the president at the conclusion of the
session. —Atlanta American.

Stealing the Slipper.
At weddings among Germans in the
southern colonies 150 years ago, the
groomsmen attended in their beautifully
embroidered white aprons. Their duty
was to protect the bride from having her
slipper stolen from her foot. If any one
succeeded in capturing the groomsmen
and a bottle of wine for the loss, as the
bride's dancing depended upon it.—

WHAT ON EARTH.

In the reason people will not, can not or do
not see any difference in cheap nostrums put up by
Cheap John houses or irresponsible parties at
enormous profits, rather than take a medicine
of world wide reputation and one that is giving
universal satisfaction at retail price? No need
of saying in the world is giving such unparalleled
results for purifying the blood as BRUGG'S
BLOOD PURIFIER AND BLOOD MAKER.

cost you nothing.
